

Idaho Driving School - Vehicle Inspection Sheet

Student _____

Date _____

Please complete this activity with your student and bring it with you to the first night of class.

We have found that it is helpful for students to sit in the driver's seat and become familiar with vehicle controls before they come to driver's ed.

Have your student sit in the drivers seat. Ask them to show you each item while you make check marks in the "home" column. Then switch places so they can check to see if the lights are working. We will complete the "class" column during their first drive.

Home	Class	
_____	_____	Use the key to unlock the driver's side door
